

Expand M2

Bring your message to your target audience.

With a few simple operations, you remove the graphic roll and replace it with another.

Expand M2 is of high quality and has a strict and minimalist design. With the smart telescopic pole, you can easily adjust the height to fit your message.

Expand M2

Expand M2 is a flexible and easy-to-handle retractable display with an innovative solution that makes it easier to vary between different messages in your display. Your marketing becomes more cost-effective since changing your graphics is quick and easy and you now can do it all by yourself.

This retractable display is suited for you who either need to change your graphics often, or need to replace a campaign on several locations at the same time. You carry the product with you in a stylish bag and put it up in 30 seconds.

Colour: Black or silver
Width: 85 cm
Height: Flexible between 160-225 cm.
